# What worker style are you?

Working practices are changing all the time. An increase in flexible and mobile working facilitated by technology innovation has ensured that people often work in a number of different locations with an assortment of work tools. This creates a variety of worker styles, each with unique technology requirements required to perform their roles. It is our goal to ensure that we cater for these different worker styles by providing a range of ergonomic tools designed around their needs.

## MOBILE WORKER

The mobile worker is typically on the move, working in one location just one to three days each week for just a few hours a day.

Often the mobile worker will not have an assigned workstation so they need their work tools to be able to ergonomically adjust to their individual requirements quickly and easily in multiple locations.

## HYBRID WORKER

A hybrid worker works in the office four or five days per week, but only for three to five hours each day.

They have a need to be mobile around the workplace attending meetings or collaborating with colleagues. They may not have an assigned workspace so have a need to quickly setup their workspace to their requirements each day.

## FIXED WORKER

Works at an assigned desk more than six hours a day for four to five days each week.

The fixed worker benefits from having their ergonomic accessories permanently set to their individual requirements. And by ensuring that they are also adjustable, they can be altered throughout the day to compensate for light conditions and different task requirements.

## MULTI-SCREEN WORKER

A high density worker works with a large amount of information in front of them.

Their requirements are focused around scaling the system to specific needs and the data that they are viewing. This can range from a trading desk to a control room. They have the need to change the number of screens, screen position, number of tiers and screen orientation to enable them to do their job to the best of their ability.

 **RADVISION®**  
Delivering the Visual Experience®

orangebox

As award winning designers and manufacturers of ergonomic IT/AV solutions Colebrook Bosson Saunders (CBS) has the skills, experience and initiative to provide Custom Solutions to our clients when required.

At CBS we believe passionately in design, focusing on creating space and comfort through the imaginative relocation of IT and audio visual equipment. In the vast majority of cases our standard product fixings already fit our clients' specifications, but on the rare occasions when exceptions occur we have the ability to customise our products to meet our clients' requirements.

In some cases our Custom Solutions can become part of the evolution of our products, adapting and innovating to meet marketplace developments.

Typically we provide Custom Solutions for our Desk Clamp Fixings for attaching arms to the desk, Under Desk Fixings for attaching CPU units, and as additional attachments to our monitor arms, such as a laptop stand.

Our in-house design and account management teams work closely with the client to ensure that our Custom Solution adheres to the specification.

## HOW WE WORK WITH A CLIENT:

### INITIAL MEETING

To begin with all requirements are evaluated by a CBS account manager who will need to provide approval prior to a first sample being ordered.

### FEASIBILITY

To enable the custom solution to be designed a 3D CAD file of the furniture, or in some cases a sample, is required. Typically a Custom Solution requires a minimum order quantity of 10 units - excluding the first sample.

### CONCEPT DESIGN, DETAIL DEVELOPMENT AND PRODUCTION

An account manager will then pass on information to our design team who will typically provide:

- Concept images  
(2 - 3 working days)
- First evaluation sample  
(7 - 10 working days from concept approval, excluding shipping time)
- Production samples/order fulfilment  
(3 - 4 weeks from sample approval, excluding shipping time)

All trademarks are the property of their respective owners

# Accessories and spares

available as spare kits for CBS

and desk fixings. For further

10. The Seller shall sell and the Buyer shall purchase the Goods in accordance with the Seller’s written quotation (if accepted by the Buyer), or the Buyer’s written order (if accepted by the Seller), subject in either case to these Terms, which shall govern the Contract to the exclusion of any other Terms subject to which any such quotation is accepted or purported to be accepted, or any such order is made or purported to be made, by the Buyer.

11. No variation to these Terms shall be binding unless agreed in writing between the authorised representatives of the Buyer and the Seller.

12. The Seller’s employees or agents are not authorised to make any representations concerning the Goods unless confirmed by the Seller in writing. In entering into the Contract the Buyer acknowledges that it does not rely on any such representations which are not so confirmed, but nothing in these Terms affects the liability of either party for fraudulent misrepresentation.

13. Any advice or recommendation given by the Seller or its employees or agents to the Buyer or its employees or agents as to the storage, transportation, application or use of the Goods which is not confirmed in writing by the Seller is followed or acted on entirely at the Buyer’s own risk, and accordingly the Seller shall not be liable for any such advice or recommendation which is not so confirmed.

16. The Buyer shall be responsible to the Seller for ensuring the accuracy of the Terms of any order (including any applicable specification) submitted by the Buyer, and for giving the Seller any necessary information relating to the Goods within a sufficient time to enable the Seller to perform the Contract in accordance with its Terms.

19. The Seller reserves the right to make any changes in the specification of the Goods which are required to conform to any applicable statutory or E.U. requirements or, where the Goods are to be supplied to the Seller’s specification, which do not materially affect their quality or performance.

20. No order which has been accepted by the Seller may be cancelled or changed by the Buyer except with the agreement in writing of the Seller and on Terms that the Buyer shall indemnify the Seller in full against all loss (including loss of profit), costs (including the cost of all labour and materials used), damages, charges and expenses incurred by the Seller as a result of cancellation or changes, subject to a minimum charge of 50% of the value of the Goods.

21. The Seller may agree to provide the Buyer with Goods on loan in which case the Goods shall be invoiced in accordance with these Terms but shall be credited upon their return provided that the Buyer returns them to the Seller within 30 days of having taken delivery of them, in a resalable condition and in their original packaging and unopened otherwise the Seller shall be entitled to charge in full for the Goods.

22. The price of the Goods shall be the Seller’s quoted price or, where no price has been quoted (or a quoted price is no longer valid), the price listed in the Seller’s published price list current at the date of acceptance of the order. Where the Goods are supplied for export from the United Kingdom, the Seller’s published export price list shall apply. All prices quoted are valid for 30 days only or until earlier acceptance by the Buyer, after which time they may be altered by the Seller without giving notice to the Buyer.

23. The Seller reserves the right, by giving written notice to the Buyer at any time before delivery, to increase the price of the Goods to reflect any increase in the cost to the Seller which is due to any factor beyond the control of the Seller (such as, without limitation, any foreign exchange fluctuation, currency regulation, alteration of duties, increase in the costs of labour, materials or other costs of manufacture), any change in delivery dates, quantities or specifications for the Goods which is requested by the Buyer, or any delay caused by any instructions of the Buyer or failure of the Buyer to give the Seller adequate information or instructions.

24. Except as otherwise stated in the Seller’s written quotation or in any price list of the Seller, and unless otherwise agreed in writing between the Buyer and the Seller, all prices are given by the Seller on an EXW (Ex Works) basis, and where the Seller agrees to deliver the Goods otherwise than at the Seller’s premises, the Buyer shall be liable to pay the Seller’s charges for transport, packaging and insurance.

25. The price is exclusive of any value added tax. If applicable, the Buyer shall be additionally liable to pay any value added tax payable.

26. In addition to the price charged for the Goods, all orders will be subject to the following conditions:  
a) (With the exception of “AVALL” and “CBS VCALL” A/V stands and components) all orders with a value of less than £1,000 sterling, €2000 euro, \$3000 US dollars will be subject to a shipping charge of £20 in the UK and standard shipping charges within Europe. Orders of any size outside Europe will be subject to shipping charges.  
b) Regardless of order value, any special delivery requests outside of the normal delivery terms (for example ‘timed’ deliveries) will be subject to additional charges to be agreed between the seller and the buyer.  
c) For “AVALL” and “CBS VCALL” A/V stands and components, all UK orders will incur a standard delivery charge of £50 per pallet. For units despatched into Continental Europe there will be no shipping charge for orders with a value of more than €2000 euro, orders of less than €2000 euro will be subject to a shipping charge. As, above, orders of any size outside Europe will be subject to shipping charges.

27. The Seller reserves the right to administer delivery charges to orders of a similar value in other currencies as deemed necessary by the Seller.

28. Any promotional prices or bundles offered by the Seller are valid only if the Goods stated in the promotion are ordered together. The Seller reserves the right to withdraw the promotions at any time without giving notice.

29. In instances where the Buyer has agreed to collect the Goods and fails to do so on the agreed date, the Seller may invoice the Buyer on the agreed date of collection or the Buyers stated required date, which ever is first.

30. If the Buyer wrongfully fails to take delivery of the Goods, the Seller shall be entitled to invoice the Buyer for the price at any time after the Seller has notified the Buyer that the Goods are ready for collection or (as the case may be) the Seller has tendered delivery of the Goods.

31. The Buyer shall pay the price of the Goods [in pounds sterling, euros or US dollars as determined by the Seller] (less any discount to which the Buyer is entitled, but without any other deduction) within 30 days of the date of the Seller’s invoice, and the Seller shall be entitled to recover the price, notwithstanding that delivery may not have taken place and the property in the Goods has not passed to the Buyer. The time of payment of the price shall be of the essence of the Contract. Receipts for payment will be issued only on request.

32. The Seller shall inform the Buyer of the amount of the Buyer’s credit limit and, if that credit limit is exceeded, all outstanding invoices will become immediately payable by the Buyer. Until the Buyer is informed of its credit limit by the Seller, the Buyer shall make payment under these Terms.

33. No payment shall be deemed to have been received until the Seller has received cash or cleared funds.

34. If the Buyer fails to make any payment on the due date then, without limiting any other right or remedy available to the Seller, the Seller may: Cancel the Contract or suspend any further deliveries to the Buyer; appropriate any payment made by the Buyer to such of the Goods (or the goods supplied under any other Contract between the Buyer and the Seller) as the Seller may think fit (notwithstanding any purported appropriation by the Buyer); and charge the Buyer interest (both before and after any judgment) on the amount unpaid, at the rate of 5 per cent per annum above Bankof England base rate from time to time, until payment in full is made (a part of a month being treated as a full month for the purpose of calculating interest).

35. In the event that legal action is required to collect outstanding invoices, all reasonable legal costs incurred by the Seller in attempting to recover the debt shall be added to any outstanding amount and shall become part
36. of the total collectible debt.

37. The Seller retain the right to forward outbound orders by whatever courier or means of dispatch it chooses from the Sellers preferred agents.

38. The Seller maintains the right to select the most economical method of transportation for the Seller for the shipment of orders and is under no obligation to expedite orders (confirmed or otherwise) should the Seller be unable to deliver Goods on or before the Buyers required date.

39. The Seller has no obligation to provide alternative quotes for shipment of Goods to the Buyer.

40. As per Term 26 above, delivery charges are applicable to all Consignments (except for “AVALL” products) of a value less than £1000 sterling, €2000 euro, \$3000 dollar. Where the total value exceeds these figures but smaller partial shipments are made from different locations, then delivery charges will apply.

41. The delivery charges raised by the Seller are to be charged against the value of the individual outbound stock movements from the Seller, not the total value of the Buyers purchase order.

42. The Seller retains the right to package, configure orders and present them to the customer in whatever format or grade of packaging is determined fit for purpose by the Seller.

43. Unless notified in writing by the Buyer prior to shipping, the disposal of pallets, cardboard and excess materials is the responsibility of the end customer.

44. The Seller reserves the right to schedule picking, packing and shipment of Goods at its discretion and convenience.

45. Orders that have entered warehouse processing and have been scheduled for picking may not be amended.

46. The Seller reserves the right to process any amended orders requiring additional Goods as a separate order.

47. The Seller maintains the right to add an additional administrative charge of 3% of the Buyers order value on any orders amended by the Buyer.

48. The Seller maintains the right to consolidate products or orders going to the same address on the same date into a single consignment unless it has agreed otherwise.

49. Product kits, configurations or assemblies will be delivered as individual items unless otherwise instructed. The Seller maintains the right to make additional charges for any additional reconfigurations or assembly requested by the Buyer.

50. The Seller maintains the right to make additional charges for requests by the Buyer which deviate from the Seller’s standard methods of packaging, presentation or shipment

51. Delivery of the Goods shall be made by the Seller delivering the Goods to an address agreed by the Seller and the Buyer or by the Buyer collecting the Goods at the Seller’s premises at any time after the Seller has notified the Buyer that the Goods are ready for collection.

52. Goods that are agreed for collection are not subject to delivery charges, however the Seller reserves the right to make additional charges for administration at 3% of the order value on orders less than £1000 sterling, €2000 euro or \$3000 US dollars, or for re-stocking should the Buyer wrongfully fail to take delivery of the Goods prepared for collection.

53. Any dates quoted for delivery of the Goods are approximate only and the Seller shall not be liable for any delay in delivery of the Goods however caused. Time for delivery shall not be of the essence of the Contract unless previously agreed by the Seller in writing. The Goods may be delivered by the Seller in advance of the quoted delivery date on giving reasonable notice to the Buyer but the Seller may not invoice the Buyer for the price of the Goods until the original delivery or despatch date.

54. Where the Goods are to be delivered in instalments, each delivery shall constitute a separate Contract and failure by the Seller to deliver any one or more of the instalments in accordance with these Terms or any claim by the Buyer in respect of any one or more instalments shall not entitle the Buyer to treat the Contract as a whole as repudiated.

55. The Seller may invoice the Buyer for the agreed value of Goods delivered at the time that they are delivered and is not bound to deliver all Goods listed on the order before invoicing.

56. If the Seller fails to deliver the Goods (or any instalment) for any reason other than any cause beyond the Seller’s reasonable control or the Buyer’s fault, and the Seller is accordingly liable to the Buyer, the Seller’s liability shall be limited to the excess (if any) of the cost to the Buyer (in the cheapest available market) of similar Goods to replace those not delivered over the price of the Goods.

57. A claim by the Buyer that any delivery of Goods is not complete or that there is damage to the external packaging must be made on the delivery note. If the Buyer does not notify the Seller accordingly the Seller shall have no liability for such shortage or damage and the Buyer shall be bound to pay the price as if the Goods had been delivered in accordance with the Contract.

58. If the Buyer fails to take delivery of the Goods or fails to give the Seller adequate delivery instructions at the time stated for delivery (otherwise than by reason of any cause beyond the Buyer’s reasonable control or by reason of the Seller’s fault) then, without limiting any other right or remedy available to the Seller, the Seller may:  
• store the Goods until actual delivery and charge the Buyer for the reasonable costs (including insurance) of storage; or  
• if the Goods are still required by the Buyer restock the Goods at a fee of 15% of the original order value payable by the Buyer, and reschedule the order for redelivery at the Sellers convenience  
• implement a cancellation fee as in point 20, where the Buyer has agreed to indemnify the Seller in full against all loss (including loss of profit), costs (including the cost of all labour and materials used), damages, charges and expenses incurred by the Seller as a result of cancellation or changes, subject to a minimum charge of 50% of the value of the Goods.

59. Goods which are to be returned that are not returned under guarantee must be returned by the Buyer to the Sellers chosen destination (the Point of Return) which unless the Buyer is advised otherwise will be the warehouse from which the Goods were dispatched.

60. The Buyer must request a goods return notice from the Seller within 30 days of the original dispatch of Goods and in advance of attempting to return Goods and give the Seller written notice of the date the Goods will be delivered to the Point of Return.

61. Failure to comply with Term 58 will result in the Goods being rejected by the Seller.
62. The cost of shipment for the return of Goods not under guarantee is the sole responsibility of the Buyer.

63. The Goods must be returned unopened and in their original packaging with any seals or closings unbroken.

64. The Seller will only accept the return of Goods that are undamaged at the Sellers chosen Point of Return.

65. Goods which are returned but which do not comply with all of the above criteria will not be credited to the Buyers account.

66. The Seller will not refund the value of Goods not returned under guarantee, but will issue the Buyer credit to the value of returned Goods which have been accepted backinto stock.

67. The final value of the credit will be for the total sale value of the Goods, less 15% handling charge, minus the disposal costs for any Goods that have been damaged as part of the reverse logistical activity, have been opened, used, require rework, are unable to be restocked by the Seller or are not suitable for resale. In instances where the cost of restocking is greater than 15% of the value of the goods the full value of the restocking activity will be deducted from the value of the credit noted.

68. Credit will be issued a minimum of 30 days after Goods have been booked back to stock.

69. **DEMONSTRATION AND PROMOTIONAL STOCK**  
Goods purchased by the Buyer for display, demonstration, marketing or other promotional activities may be offered at the discretion of the Seller at a discount of 70%.  
The Seller reserves the right to refuse requests for promotional stock at this level of discount should the Buyer not be an existing customer, the quantity or value of Goods be considered disproportionate to the purchasing history of the Buyer from the Seller or the Seller suspect that the Goods end application is not for promotional purposes.  
The Seller maintains the right to invoice the Buyer for promotional items at the time of dispatch.  
Goods accepted by the Buyer as promotional items may only be returned to the Seller under the Terms described under the Return of Goods terms.

70. **RISK AND PROPERTY**  
Risk of damage to or loss of the Goods shall pass to the Buyer: in the case of Goods to be delivered at the Seller’s premises, at the time when the Seller notifies the Buyer that the Goods are available for collection; or in the case of Goods to be delivered otherwise than at the Seller’s premises, at the time of delivery; or, if the Buyer wrongfully fails to take delivery of the Goods, the time when the Seller has tendered delivery of the Goods.  
Notwithstanding delivery and the passing of risk in the Goods, or any other provision of these Terms, the property in the Goods shall not pass to the Buyer until the Seller has received in cash or cleared funds payment in full of the price of the Goods and all other Goods agreed to be sold by the Seller to the Buyer for which payment is then due.  
Until such time as the property in the Goods passes to the Buyer, the Buyer shall hold the Goods as the Seller’s fiduciary agent and bailee, and shall ensure that any identification numbers or labels identifying them as the Seller’s property will not be obscured or removed and that the Goods will be properly stored, protected and insured, but the Buyer may resell or use the Goods in the ordinary course of its business.  
Until such time as the property in the Goods passes to the Buyer (and provided the Goods are still in existence and have not been resold), the Seller may at any time require the Buyer to deliver up the Goods to the Seller and, if the Buyer fails to do so forthwith, the Buyer grants the Seller, its agents and employees an irrevocable licence at any time to enter on any premises of the Buyer or any third party where the Goods are stored and repossess the Goods.  
The Buyer shall not be entitled to pledge or in any way charge by way of security for any indebtedness any of the Goods which remain the property of the Seller, but if the Buyer does so all moneys owing by the Buyer to the Seller shall (without limiting any other right or remedy of the Seller) forthwith become due and payable.

71. **WARRANTIES AND LIABILITY**  
Subject to the following provisions, the Seller warrants that the Goods will correspond with their specification at the time of delivery and will be free from defects in material and workmanship for the duration of its operational life subject to the following conditions:-  
The life time guarantee offered by the Seller Products shall extend to the original requisitioner of the Goods only. The warranty is only valid on items which have been purchased from CBS directly or one of our authorised dealers.  
The guarantee provides cover against defects in design, materials and workmanship of the product.  
The guarantee does not provide provision against marks, scuffs or the degeneration of visual finishes through fair wear and tear as part of the Products operational life.  
Where a valid claim in respect of any of the Goods which is based on a defect in the quality or condition of the Goods or their failure to meet specification is notified to the Seller in accordance with these Terms, the Seller may replace the Goods (or the part in question) or, at the Seller’s sole discretion, refund to the Buyer the price of the Goods (or a proportionate part of the price) (subject to a handling charge of 20% of the invoice value of the Goods), in which case the Seller shall have no further liability to the Buyer in respect of such Goods.  
The guarantee is for the replacement of the original
72. Goods with like or equivalent product and the final specification is at the sole discretion of the Seller.
